OFFICIAL PAST PERFORMANCE PROGRAM

THE JUDGES THEIR JOB IS TO PROTECT YOU

Wherever people and money are involved, a certain word always seems to crop up: integrity. Harness racing, like any sporting event, has certain individuals whose job it is to enforce the rules of the game. This is done not only to protect the participants from indiscriminant actions taken against them by fellow participants, but to protect you, the paying customer, by presenting an event in the fairest manner possible.

Every racing night, three men make their way to a position above the Rosecroft Raceway Clubhouse. The man in charge is Presiding Judge John "Tic" Wilcutts. His two Associate Judges are Zadok Cherrix III and Stanton Richardson. These gentlemen will carefully analyze each race.

Until the race result is declared official, the judges are determining whether or not any violations took place. If a race is in question, either the word Objection or Inquiry will be posted on the infield board.

An Objection is a claim of foul by one driver against another driver. An Inquiry is the sign posted when the judges themselves suspect that a violation of the rules of racing has been committed. These types of occurrences call for conferring with the Patrol Judge, watching race replays, and talking with the drivers involved via telephone to the paddock. After all the available information about the incident in question is gathered, the judges agree as to whether or not a rule violation was committed and, if so, they adjust the order of finish.

Rosecroft Raceway is pleased to have three judges with a combined total of ninety years of experience in harness racing. Former nationally known driving star "Tic" Wilcutts won approximately 1,800 races in his career, which began in 1949. Zad Cherrix spent 22 years as a driver-trainer before becoming an official ten years ago. Stan Richardson has participated in the business for 25 years as an owner-trainer-driver.

Getting three individuals of this caliber to maintain the integrity of harness racing is indeed what the public deserves. Theirs is not an easy job (they have other duties too numerous to mention here), but you can rest assured that their actions are always intended to protect you and to preserve the best interests of the sport.

TODAY'S HANDICAPPING HINT: The *Morning Line* presents the opinion of the Assistant Race Secretary and is based upon the ability of each horse. These opinions come from a person with first hand knowledge of harness racing, don't disregard them.

RACE 1

The above list represents the tracks, their abbreviations and locations. In the past performance lines of the horses, you will note the abbreviations following the date, and using the above guide you can determine the full name of the track and how its speed compares to other tracks on the list. The comparative speed ratings listed for each track are determined by the United States Trotting Association.

THE SPEED OF THE STARTING GATE - The fastest harness racing fields are never faster than the starting gate. Starting a quarter-mile away from the starting point, the gate moves not less than 11 miles per hour for the first eighth of a mile, then not less than 18 miles per hour for the next sixteenth until it reaches a peak speed of around 35 miles per hour at the starting line and then speeds away from the field. A two-minute mile comprises an average of 30 miles per hour and only the best horses achieve it. A tremendously fast horse, under the stress of keen competition, could reach 35 miles per hour for a short spurt.

Warm-Up Saddle Pad Colors and Race Saddle Pad Colors

Harness horses go two, sometimes three, "warm-up" miles before they actually race. These warm-up miles are usually 45 to 60 minutes apart, the last and fastest being 40 to 60 minutes before the race in which the horse will contend. Every horse warming up for the first race wears a red saddle pad. The warm-up color for each race is different and is noted under the race number. In the actual race, each horse has a different color saddle pad which is noted below his head number.

DINING UNTIL 1 AM • COCKTAILS UNTIL 2 AM EVERY RACING DAY

**Watch the races while you dine in comfort
in Rosecroft's beautiful clubhouse.**

Notice to Clubs, Corporations & Businesses:

Our Maryland Room is available on a daily basis throughout the racing season for groups that like to be together. This private, glass enclosed area is well suited for business or sales meetings, cocktail parties or private entertaining for up to 100 people for cocktails or 60 for cocktails and dinner. You may select from our large selection of hot and cold hors d'oeuvres, buffet or sit down dinners. The Maryland Room offers a full view of the races, and includes a private bar and bartender (cost \$35.00), restrooms and closed circuit TV for viewing the races, re-runs or betting odds.

If privacy is not required or if your group exceeds 100, we can still entertain you in the Maryland Room or in our spacious clubhouse dining room. If you have special requirements, such as your own menu plan, call Rita Moreau, 567-4220.

Sponsor A Trophy Race!

Rosecroft is famous for the number of horse blankets that are presented to the winning horsemen each season. Our Trophy Race sponsors are also well known because everywhere the horse goes, the blanket (with the sponsor's name on it) goes along. A walking four-legged advertisement is still unique. Sponsor a Trophy Race for your group and here's what we'll do:

- Name a race for your group and include your group's name in the race program.
- Flash your group's name on the electronic message board.
- Announce it over the PA system.
- Escort your group's designated officials to the winners circle for the presentation.
- Mail you a free color photo of the presentation.

(Additional prints are \$7.00 each)

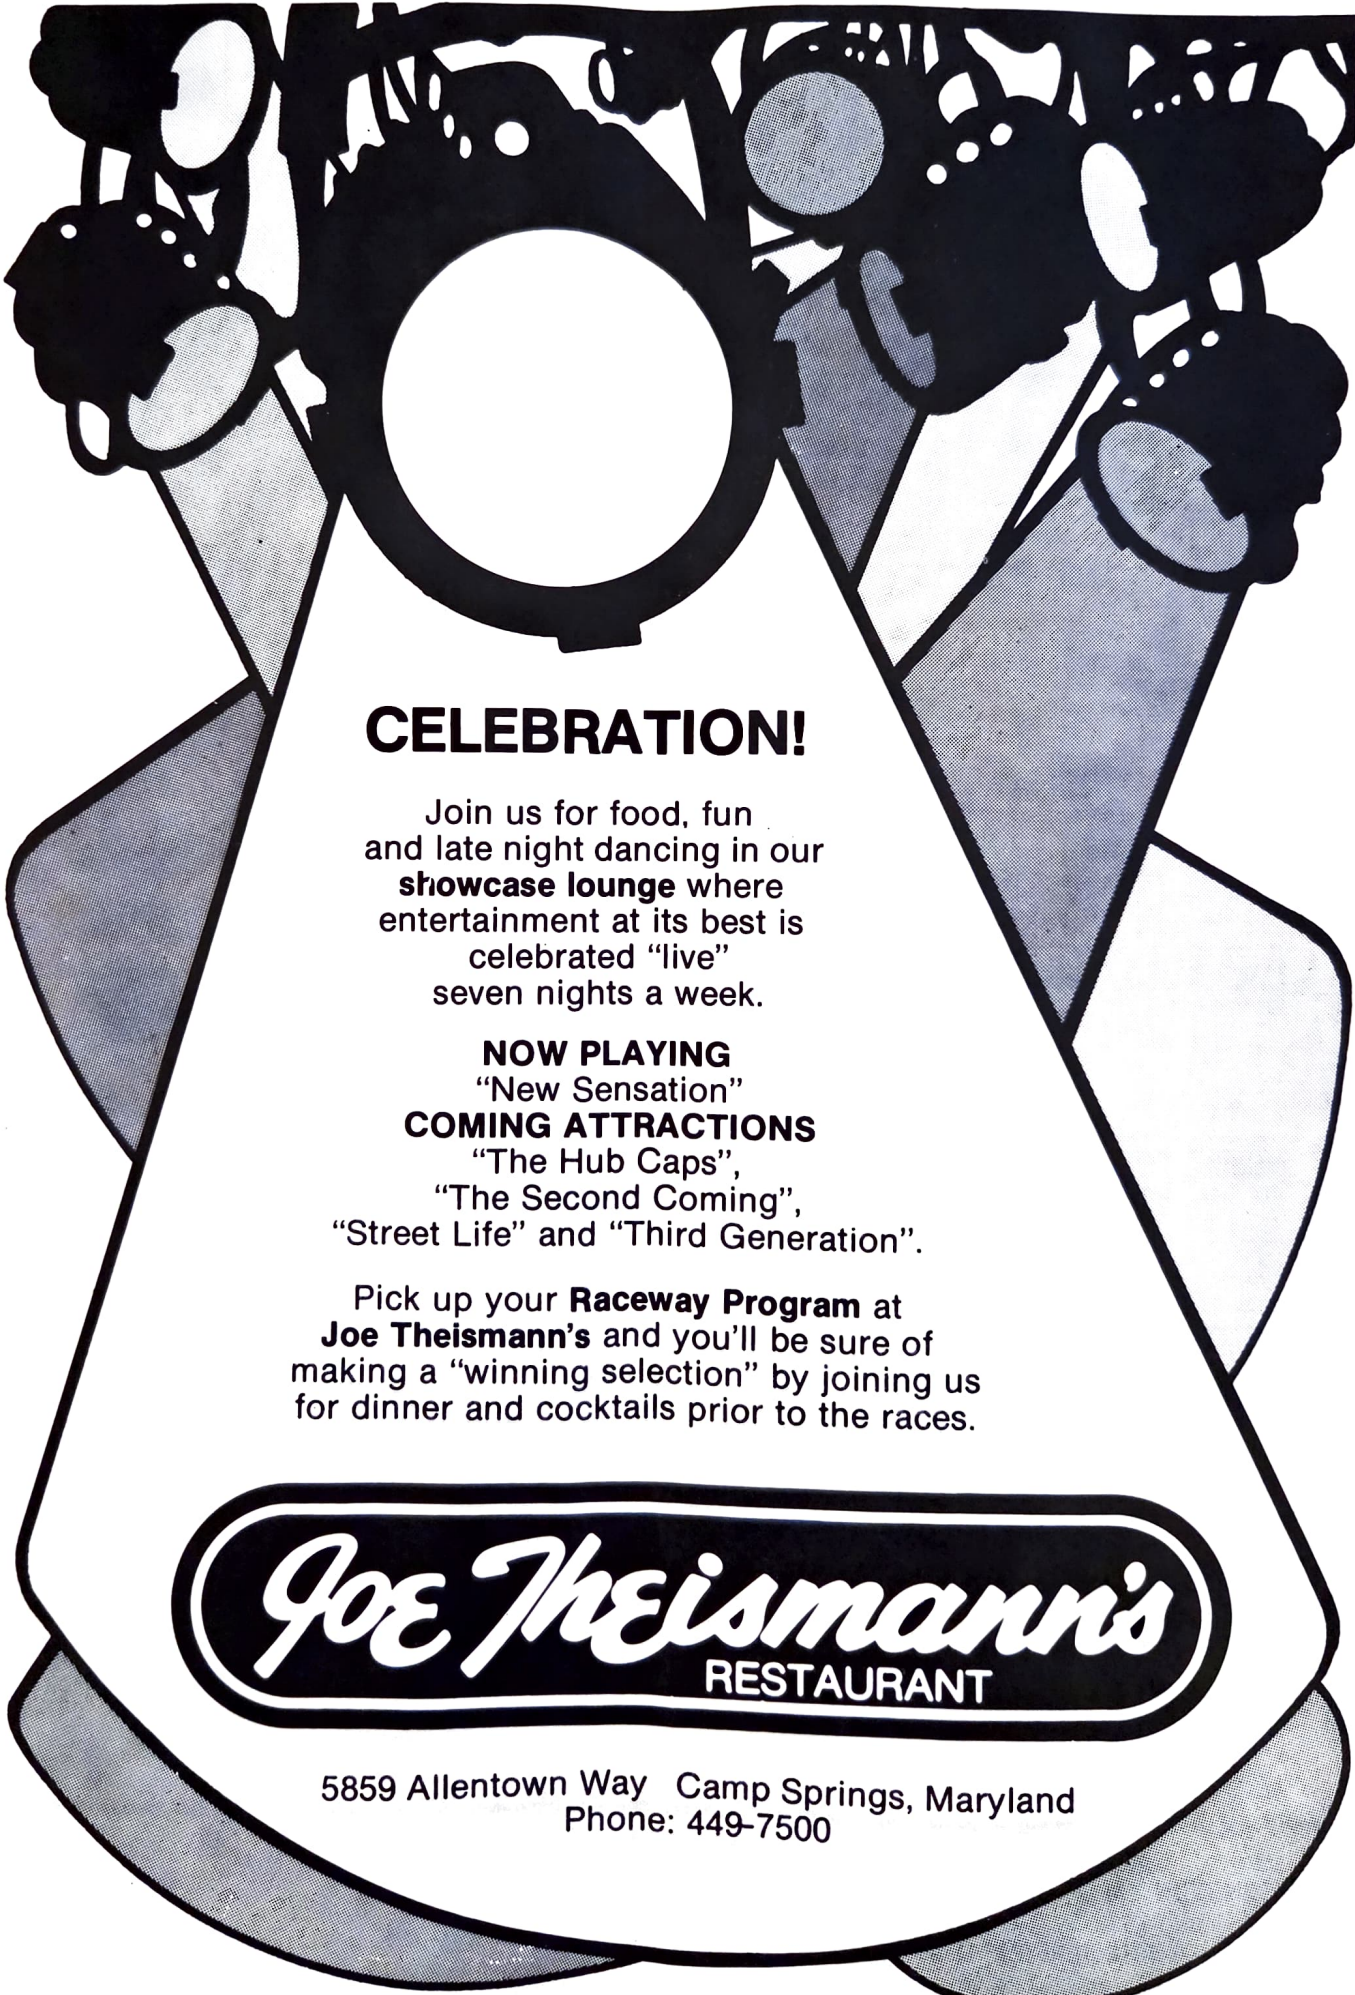

Our horse blanket trophies are available in a variety of colors; the number of letters is up to you. We'll furnish the blanket and the first six letters for \$45.00 plus Maryland sales tax. Additional letters are 40 cents each.
